===== 2026-10-02 =====

Source: <https://techcrunch.com/category/artificial-intelligence/>

1. ChatGPT can now virtually try on clothes for you

ChatGPT added a virtual try-on feature that shows how clothes might look on you.

<https://techcrunch.com/2026/10/01/chatgpt-can-now-virtually-try-on-clothes-for-you/>

2. Google thinks SpaceX's Starship has to launch 1,600 times before space data centers get off the ground

Google estimates orbital data centers would need about 1,600 Starship launches, showing how far off the idea is.

<https://techcrunch.com/2026/10/01/google-thinks-spacexs-starship-has-to-launch-1600-times-before-space-data-centers-get-off-the-ground/>

3. OpenAI cuts ties with 3 safety researchers, WSJ reports

OpenAI has parted ways with three safety researchers, according to the Wall Street Journal.

<https://techcrunch.com/2026/10/01/openai-cuts-ties-with-three-safety-researchers-wsj-reports/>

4. Opus 5.5 loves to tell you 'this matters' (and other AI writing tells)

A look at the stock phrases that give away AI-written text, including habits of Anthropic's Opus 5.5.

<https://techcrunch.com/2026/10/01/opus-5-5-loves-to-tell-you-this-matters-and-other-ai-writing-tells/>

5. Amazon releases its own Jev clone as decision models flood the web

Amazon launched its own version of a "Jev clone" as more companies release decision-making AI models.

<https://techcrunch.com/2026/10/01/amazon-releases-its-own-jev-clone-as-decision-models-flood-the-web/>

6. Shopify debuts Canvas, a way to build online stores by chatting with AI

Shopify's new Canvas tool lets merchants build an online store through an AI chat.

<https://techcrunch.com/2026/10/01/shopify-debuts-canvas-a-way-to-build-online-stores-by-chatting-with-ai/>

7. Brian Chesky interview: AI agents need their own operating system

Airbnb CEO Brian Chesky argues that AI agents need a dedicated operating system.

<https://techcrunch.com/2026/10/01/brian-chesky-interview-ai-agents-need-their-own-operating-system/>

8. Photon held a funeral for mobile apps. Now it has \$4.5M to help replace them with agents.

Startup Photon raised \$4.5M to build AI agents meant to replace mobile apps.

<https://techcrunch.com/2026/10/01/photon-held-a-funeral-for-mobile-apps-now-it-has-4-5m-to-help-replace-them-with-agents/>

9. Hearing tech startup Legato launches its AI hearing glasses

Legato launched glasses that use AI to help with hearing.

<https://techcrunch.com/2026/10/01/hearing-tech-startup-legato-launches-its-ai-hearing-glasses/>

10. Satlyt, founded by a former Google and SpaceX product manager, raises \$8M to run AI on satellites

Satlyt raised \$8M to run AI workloads directly on satellites.

<https://techcrunch.com/2026/10/01/satlyt-founded-by-a-former-google-and-spacex-product-manager-raises-8m-to-run-ai-on-satellites/>

11. Google releases Gemini 4 Argon, called its most powerful model yet

Google launched Gemini 4 Argon, which it bills as its most capable AI model to date.

<https://techcrunch.com/2026/09/30/google-releases-gemini-4-argon-called-its-most-powerful-model-yet/>

12. The AI race won't wait, and neither will this TechCrunch Disrupt 25% discount

TechCrunch is promoting a 25% ticket discount for its Disrupt 2026 conference.

<https://techcrunch.com/2026/09/30/the-ai-race-wont-wait-and-neither-will-this-techcrunch-disrupt-25-discount/>

13. Valor, Atreides, and Sequoia back AI startup Flow Engineering at \$750M valuation

AI startup Flow Engineering drew backing from Valor, Atreides and Sequoia at a \$750M valuation.

<https://techcrunch.com/2026/09/30/valor-atreides-and-sequoia-back-ai-startup-flow-engineering-at-750m-valuation/>

14. OpenAI's Jev clone could help the frontier lab stop its swarming agents

OpenAI's "Jev clone" may become a tool for reining in its runaway swarming AI agents.

<https://techcrunch.com/2026/09/30/openais-jev-clone-could-help-the-frontier-lab-stop-its-swarming-agents/>

15. AI voice startup ElevenLabs doubles valuation to \$22B

Voice AI company ElevenLabs is now valued at \$22B, double its previous valuation.

<https://techcrunch.com/2026/09/30/ai-voice-startup-elevenlabs-doubles-valuation-to-22b/>

Top themes today: AI agents replacing apps (Photon, Chesky, Jev clones), AI shopping & commerce (ChatGPT try-on, Shopify Canvas), AI safety & staffing (OpenAI), AI in space (Satlyt, orbital data centers)

--- India: Telecom ---

Source: Google News India (telecom search)

1. TRAI asks telcos to display mandatory recharge plans, special tariff vouchers on websites, mobile apps [reported by 4 outlets: ET Telecom, The Economic Times, Deccan Herald, Business Today]

TRAI wants telecom operators to make their mandated budget recharge plans easy to find on websites and apps.

<https://telecom.economictimes.indiatimes.com/news/policy/tra-asks-telcos-to-display-mandatory-recharge-plans-special-tariff-vouchers-on-websites-mobile-apps/134621235>

2. Telcos, consumer groups clash over TRAI's 5G slicing, coverage map and service quality rules [reported by 2 outlets: The Economic Times, NewsBytes]

Telecom operators are pushing back on TRAI's proposed stricter rules for 5G network slicing, coverage maps and service quality.

https://m.economictimes.com/industry/telecom/telecom-news/telcos-consumer-groups-clash-over-trais-5g-slicing-coverage-map-and-service-quality-rules/amp_articleshow/134601188.cms

3. Dixon Technologies subsidiary inks licensing pact with Aviat to manufacture microwave radios [reported by 2 outlets: ET Telecom, Rediff MoneyWiz]

A Dixon subsidiary will make Aviat's microwave radios in India under a licensing deal.

<https://telecom.economictimes.indiatimes.com/amp/news/telecom-equipment/dixon-technologies-subsidiary-inks-licensing-pact-with-aviat-to-manufacture-microwave-radios/134605990>

4. Replus Engitech and Indus Towers plan 1.5 GWh telecom BESS collaboration [reported by 2 outlets: ESS News, mvapulse.com]

Indus Towers and Replus plan 1.5 GWh of battery storage for telecom towers.

<https://www.ess-news.com/2026/09/30/replus-engitech-and-indus-towers-plan-1-5-gwh-telecom-bess-collaboration/>

5. Jio looks beyond telecom to build a global technology business

Reliance Jio is positioning itself as a global technology company, not just a telecom operator.

<https://www.moneycontrol.com/news/business/companies/jio-looks-beyond-telecom-to-build-a-global-technology-business-14042857.html>

6. Bharti Airtel discloses INR 110,000 TRAI financial disincentive on September 18, 2026

Airtel disclosed a Rs 1.1 lakh financial penalty imposed by TRAI.

<https://www.ad-hoc-news.de/boerse/news/vorboerse/bharti-airtel-discloses-inr-110-000-trai-financial-disincentive-on/70208047>

7. Supreme Court Upholds Union of India in Telecom Revenue Sharing Dispute - Definition of Adjusted Gross Revenue Clarified

The Supreme Court ruled for the government in a telecom revenue-sharing case and clarified how AGR is defined.

<https://lawtext.in/judgement.php?bid=7340&ref=8484713600>

8. Flag expands subsea cable investments across India, Asia, Trans-Pacific routes

Subsea cable operator Flag is investing more in cable routes that include India.

<https://www.telecompaper.com/news/flag-expands-subsea-cable-investments-across-india-asia-trans-pacific-routes--1584292>

--- India: Electronics ---

Source: Google News India (electronics search)

1. Startup Spintronics AI inks MoU with CSIR-CEERI to drive GaN technology development in India [reported by 3 outlets: ET Electronics, ET Manufacturing, Manufacturing Today India]

SpintronicsAI and the government lab CSIR-CEERI will work together on gallium nitride (GaN) chip technology in India.

<http://electronics.economictimes.indiatimes.com/news/startups-funding/startup-spintronics-ai-inks-mou-with-csir-ceeri-to-drive-gan-technology-development-in-india/134612229>

2. Tata Electronics Posts \$6.38 Billion in Corporate Guarantees to Back iPhone and Chip Ventures

Tata Electronics has put up \$6.38B in corporate guarantees to back its iPhone and chip businesses.

<https://www.briefasia.com/en/article/tata-electronics-guarantees-iphone-chip-expansion>

3. Linde Secures Sanand Land To Expand India Chip Gas Footprint

Industrial gas maker Linde got land in Sanand, Gujarat, to supply India's chip industry.

<https://www.businessworld.in/article/linde-secures-sanand-land-to-expand-india-chip-gas-footprint-625942>

4. Uttar Pradesh government looks to attract semiconductor fab unit [reported by 2 outlets: ET Electronics, Electronics For You]

Uttar Pradesh is trying to attract a semiconductor fabrication plant to the state.

<http://electronics.economictimes.indiatimes.com/news/leadership-strategy/uttar-pradesh-government-looks-to-attract-semiconductor-fab-unit-vijay-kiran-anand/134585292>

5. India's electronics PLI crosses Rs 19,000 crore in incentives

Incentives paid out under India's electronics PLI scheme have passed Rs 19,000 crore.

<https://www.manufacturingtodayindia.com/indias-electronics-pli-crosses-%E2%82%B919000-crore-in-incentives>

6. Haier, Godrej, Blue Star failed to detect fake e-waste recycling claims, India notice shows

A government notice says major appliance makers failed to catch fake e-waste recycling claims.

<https://electronics.economictimes.indiatimes.com/news/supply-chain-trade/haier-godrej-blue-star-failed-to-detect-fake-e-waste-recycling-claims-india-notice-shows/134606090>

7. Dixon Technologies shares spike Rs 700 intraday on MeitY nod for HKC JV

Dixon's shares jumped after the government approved its joint venture with display maker HKC.

<https://aliceblueonline.com/news/dixon-technologies-shares-spike-rs-700-intraday-on-moe-it-nod-for-hkc-jv-heres-key-details/>

8. India semiconductor market forecast: Deloitte sees USD 300 billion by 2035

Deloitte forecasts that India's semiconductor market could reach \$300B by 2035.

<https://www.goodreturns.in/news/indias-semiconductor-market-to-hit-usd-300-billion-by-2035-deloitte-011-1496641.html>

India themes today: TRAI tightening telecom rules (recharge plans, 5G slicing), Dixon and Tata expanding manufacturing, India's chip ecosystem (GaN, fabs, gases)
