===== 2026-10-07 =====

Source: <https://techcrunch.com/category/artificial-intelligence/>

1. OpenAI will start watermarking ChatGPT's text in the EU

OpenAI plans to add watermarks to text generated by ChatGPT for users in the EU.

<https://techcrunch.com/2026/10/05/openai-will-start-watermarking-chatgpts-text-in-the-eu/>

2. Reflection debuts Beam, an open-weight AI model to rival Chinese models at lower compute cost

Startup Reflection released Beam, an open-weight model pitched as a cheaper-to-run rival to Chinese open models.

<https://techcrunch.com/2026/10/05/reflection-debuts-beam-a-open-weight-ai-model-to-rival-chinese-models-at-lower-compute-cost/>

3. Instinct brings its AI agent to group chats, even for friends without an account

Instinct's AI agent can now join group chats, including with people who don't use the app.

<https://techcrunch.com/2026/10/05/instinct-brings-its-ai-agent-to-group-chats-even-for-friends-without-an-account/>

4. TikTok rolls out an AI shopping assistant and one-click checkout

TikTok is adding an AI shopping assistant and one-click checkout, deepening its push into commerce.

<https://techcrunch.com/2026/10/05/tiktok-rolls-out-an-ai-shopping-assistant-and-one-click-checkout/>

5. Hot Girl Hotline is like 'Dear Abby' for the AI era

A new service called Hot Girl Hotline offers advice-column-style guidance using AI.

<https://techcrunch.com/2026/10/05/hot-girl-hotline-is-like-dear-abby-for-the-ai-era/>

6. HackerRank's AI interviewer offers a glimpse into what job interviews could become

HackerRank's AI interviewer shows how hiring interviews may increasingly be run by AI.

<https://techcrunch.com/2026/10/05/hackerranks-ai-interviewer-offers-a-glimpse-into-what-job-interviews-could-become/>

7. OpenAI launches visual ads that appear alongside image generation results

OpenAI is now showing visual ads next to image-generation results, expanding its ad business.

<https://techcrunch.com/2026/10/05/openai-launches-visual-ads-that-appear-alongside-image-generation-results/>

8. Open or closed AI? How founders are choosing what to build on at TechCrunch Disrupt 2026

Founders weigh whether to build products on open or closed AI models.

<https://techcrunch.com/2026/10/05/open-or-closed-ai-how-founders-are-choosing-what-to-build-on-at-techcrunch-disrupt-2026/>

9. Researchers are tracking a Chinese AI 'agent fleet'

Researchers say they are monitoring a coordinated fleet of AI agents linked to China.

<https://techcrunch.com/2026/10/05/researchers-are-tracking-a-chinese-ai-agent-fleet/>

10. Can Safeworld convince people that GenAI robots won't hurt them?

Startup Safeworld is trying to build public trust that generative-AI-powered robots are safe.

<https://techcrunch.com/2026/10/05/can-safeworld-convince-people-that-gen-ai-robots-wont-hurt-them/>

Top themes today: OpenAI monetization and policy (EU watermarking, image ads), AI agents in chats and commerce (Instinct, TikTok), open-weight models (Reflection Beam), AI trust and safety (agent fleets, robots, AI interviews)

--- India: Telecom ---

Source: Google News India (telecom search)

1. Ambani's Jio Platforms plans to launch IPO on October 21, sources say [reported by 3 outlets: Reuters, Rediff MoneyWiz, bhaskarenglish.in]

Jio Platforms' IPO is reportedly set to open on October 21, with listing expected around October 28.

<https://www.reuters.com/world/india/ambanis-jio-platforms-plans-launch-ipo-october-21-sources-say-2026-10-05/>

2. India telecom sector may see 12-15% tariff hike in next 4-5 months: Report [reported by 4 outlets: DT Next, StoryBoard 18, NewsBytes, Asianet Newsable]
